Hi Salina,

I swear I work on Fridays, just apparently not on the ones where you try to get ahold of me. I think they recorded everything, if you get bored enough to watch it. ☺ We met this morning and came up with a game plan. I will work on getting the final deliverables to you. Thanks for all your help Salina, hopefully you will be able to help with the Meat Processing Plant too!

Jennifer,

No worries, thanks for informing me. I was unable to attend this year's event, but I spoke with James briefly and he said you did a great job coordinating the training this year! Hopefully next year, I will be able to participate in person. I will talk to you on Monday, hope you have a great weekend!

Good Morning!

I apologize I was out of the office Friday. I will work on getting those to you. We are co-hosting the National Tribal Forum on Air Quality this week and are completely booked. We were supposed to host in Tulsa last year and it was cancelled due to covid. We are co-hosting virtually this year and it will be in Tulsa next year. If you have some time this week definitely check it out. I honestly think it was way more work to do it virtually than in person, but we have lots of Muscogee Cultural pieces throughout the conference and Elders sharing their environmental experiences.

Thank you Salina!

Good afternoon, hope all is well. Jennifer can you send me GAP quarterly reports? I know our last discussion, I mentioned scheduling a conference call. Before I request a meeting, if you can please send me final reports for all quarters FY2019-2020 and any others for current grant. I will review and we can schedule day/time that best works for you. Thank you!

Salina Gomez
